Types of Business Accounts Offered by Discover Bank

Understanding the types of business accounts available is essential for making an informed decision. Discover Bank offers several account options designed to meet the diverse needs of businesses of all sizes. Each account type comes with its unique features and advantages, making it crucial to select the one that aligns best with your business goals.

Business Checking Accounts

Discover Bank's business checking accounts are crafted for everyday transactions, ensuring that business owners have easy access to their funds. These accounts typically offer a range of features, including online banking, bill pay services, and mobile check deposit. With no monthly maintenance fees and competitive interest rates, these accounts provide a cost-effective solution for managing day-to-day business expenses.

Business Savings Accounts

The business savings accounts at Discover Bank are ideal for companies looking to set aside funds for future needs. These accounts often feature higher interest rates compared to traditional checking accounts, allowing businesses to grow their savings over time. Additionally, the accounts come with no monthly fees and no minimum balance requirements, making them accessible for all business sizes.

Business Money Market Accounts

For businesses seeking a blend of savings and checking features, Discover Bank offers money market accounts. These accounts typically provide higher interest rates than standard business savings accounts while still allowing for limited check-writing capabilities. This makes them an attractive option for businesses that want to earn interest on their funds while maintaining some liquidity.
