Types of Business Accounts

Flagstar Bank offers several types of business accounts designed to suit different operational needs. Here are the primary options:

Business Checking Accounts

Flagstar's business checking accounts come with various features, including no monthly maintenance fees, online banking, and unlimited transactions. These accounts are ideal for day-to-day financial activities.

Business Savings Accounts

The business savings accounts at Flagstar offer competitive interest rates and are designed to help businesses save for future expenses or investments. These accounts typically have lower minimum balance requirements, making them accessible for all business sizes.

Money Market Accounts

For businesses looking to earn higher interest while maintaining liquidity, Flagstar's money market accounts provide an excellent option. These accounts often come with check-writing capabilities and debit card access.

Business Loans and Financing Options

Flagstar Bank provides a variety of financing solutions to help businesses meet their financial goals. Understanding the different loan products available can help business owners choose the right option for their needs.

Term Loans

Term loans are available for various purposes, such as purchasing equipment, expanding operations, or refinancing existing debt. Flagstar offers

competitive rates and flexible repayment terms.

Lines of Credit

A business line of credit provides flexible access to funds, allowing businesses to draw on credit as needed. This option is particularly useful for managing cash flow fluctuations.

Equipment Financing

Flagstar also offers equipment financing options, which allow businesses to acquire necessary machinery and equipment without large upfront costs. This type of financing can be crucial for businesses looking to grow efficiently.
