Overview of Ivy Tech Community College

Ivy Tech Community College is Indiana's largest public postsecondary institution, providing affordable education and training to students. With a mission to enhance the quality of life for individuals and communities, Ivy Tech offers a variety of degree programs, including the business degree. The college emphasizes practical learning experiences and community engagement, ensuring that students are well-prepared for the workforce.

The business program at Ivy Tech is designed to cater to a diverse range of students, from those entering the workforce to those looking to advance their careers. The institution has multiple campuses across Indiana, making it accessible to many students. Additionally, Ivy Tech is known for its small class sizes, which foster a supportive learning environment where students can interact closely with their instructors.

Curriculum and Coursework

The curriculum for an Ivy Tech business degree is comprehensive and designed to equip students with essential skills in management, marketing, finance, and entrepreneurship. The program typically includes both core courses and electives that allow students to tailor their education to their interests and career goals.

Core Business Courses

Core courses in the Ivy Tech business degree program cover fundamental concepts that are crucial for understanding the business world. These courses may include:

- Principles of Management
- Principles of Marketing
- Introduction to Accounting
- Business Law
- Financial Management
- Business Communication

These subjects lay the groundwork for more specialized studies, allowing students to develop a well-rounded understanding of business operations.

Electives and Specializations

In addition to core courses, Ivy Tech offers a variety of electives that enable students to specialize in areas such as human resources, entrepreneurship, and international business. Students can choose electives based on their career aspirations, enhancing their expertise and making them more marketable in the job market.
