Seating and Cabin Layout

One of the highlights of the Turkish Airlines business class experience on the Boeing 777 is the seating configuration. The layout is typically arranged in a 2-3-2 format, which provides both comfort and privacy for passengers. The business class cabin on the 777 is spacious, designed to accommodate approximately 28 to 40 seats, depending on the specific aircraft configuration.

Seat Design and Comfort

The seats in Turkish Airlines business class are designed for maximum comfort. Each seat features a wide and plush design, which can recline into a fully flat position, allowing passengers to rest comfortably during long-haul flights. The generous legroom and adjustable headrests enhance the overall experience. Additionally, each seat is equipped with personal reading lights, power outlets, and USB ports, ensuring that passengers can stay connected and charged throughout their journey.

Privacy Features

Turkish Airlines has incorporated several privacy features into its business class seating. The staggered seating arrangement allows for more personal space, and the design of the seats helps to minimize disturbances from fellow passengers. Each seat also comes with a privacy divider that can be raised or lowered, providing an added layer of seclusion for those who desire it.

Onboard Services

Turkish Airlines prides itself on its exceptional onboard service, which begins the moment you step onto the aircraft. The cabin crew is known for their professionalism and attentiveness, ensuring that all passenger needs are met promptly.

Boarding Process

The boarding process for business class passengers is streamlined and efficient. Passengers are typically invited to board the aircraft first, allowing them to settle in without the hustle and bustle of economy class boarding. This priority access helps create a relaxing start to the journey.

Cabin Crew Attentiveness

The cabin crew is attentive and well-trained, providing personalized service throughout the flight. They are available for any requests, from extra pillows to beverage orders, and have extensive knowledge of the menu and services offered onboard. This level of service contributes significantly to the overall experience.
