Understanding Vah Ruta

Vah Ruta is one of the four Divine Beasts in Breath of the Wild, located in the Lanayru region. This colossal machine is controlled by the spirit of Mipha, one of the champions who fought against Calamity Ganon. To access Vah Ruta, players must first complete a series of tasks related to the main storyline, which involves seeking out the Zora people and their leader, King Dorephan. The Zora's Domain is crucial to the quest as it presents the backstory of Vah Ruta and the struggles they face due to the heavy rain caused by the Divine Beast.

Once players have established a connection with the Zora and learned about the threat posed by Vah Ruta, they can proceed to the next phase of the quest. Understanding the lore behind Vah Ruta not only

enhances the gaming experience but also prepares players for the challenges ahead, as they will encounter various Zora-themed puzzles and enemies within the Divine Beast.

Preparing for the Quest

Before embarking on the Vah Ruta quest, players should ensure they are adequately prepared. This preparation involves gathering the right equipment, food items, and elixirs to enhance combat effectiveness and survivability. Here are some essential preparations:

- **Weaponry:** Equip durable weapons that deal significant damage. Consider using weapons with high attack ratings, such as swords or spears.
- **Armor:** Wear armor that provides resistance against water and electricity. The Zora Armor is particularly beneficial as it allows you to swim up waterfalls.
- **Food and Elixirs:** Stock up on meals that restore health and provide temporary boosts to attack or defense. Elixirs that enhance swimming speed or stamina will also be useful.

Additionally, ensure you have plenty of arrows and, if possible, a bow that offers increased range or damage. Preparing for the environmental challenges, such as heavy rain and strong currents, is crucial for a successful run through the Divine Beast.

Entering Vah Ruta

To enter Vah Ruta, players must first activate the mechanism that allows access to the Divine Beast. This involves swimming to Vah Ruta's location and utilizing the Zora Armor to ascend the waterfall leading to the entrance. Once inside, Link will be greeted by a stunning interior filled with intricate machinery and water-based puzzles. The first task is to regain control of Vah Ruta by accessing the control terminal.

Upon entering, players will notice the Divine Beast is filled with moving parts that can be manipulated to solve various puzzles. The main objective is to regain control of the beast by reaching four terminals located within its body. Each terminal presents unique challenges that test your problem-solving skills and combat abilities.

Puzzle Solutions

Once inside Vah Ruta, players will encounter several puzzles. Each terminal requires a specific approach to solve, often involving the use of water flow mechanics. Below are the solutions for each terminal:

1. **Terminal 1:** This terminal is located on the main deck of Vah Ruta. To access it, manipulate one of the water fountains to raise the platform, allowing Link to reach the terminal.
2. **Terminal 2:** Found in a side chamber, this terminal requires players to redirect water flow. Players must use the control stick to tilt Vah Ruta, allowing water to flow into the correct channels and activate the terminal.
3. **Terminal 3:** This terminal is hidden behind a water gate. Players need to use the cryonis ability to create ice pillars that allow access to the area where the terminal is located.
4. **Terminal 4:** The final terminal involves battling a group of enemies. Once defeated, players can access the terminal, completing the puzzle section of Vah Ruta.

Successfully activating all four terminals will unlock the control room of Vah Ruta, allowing you to confront Waterblight Ganon.

Defeating Waterblight Ganon

After activating the four terminals, players will face the formidable Waterblight Ganon. This boss fight tests all the skills you've honed throughout the quest. Waterblight Ganon has a range of powerful attacks, including ranged ice projectiles and melee strikes. Here are some strategies for defeating him:

- **Dodge and Counter:** Waterblight Ganon's attacks are powerful, but they can be dodged. Time your dodges to create openings for counterattacks.
- **Use Fire Weapons:** Fire-based weapons or arrows are effective against Waterblight Ganon, as he is weak to fire. Utilize this to deal extra damage.
- **Avoid Water Pools:** The area around Waterblight Ganon will have pools of water that can hinder your movement. Keep your distance and use ranged attacks when possible.

Once you deplete Waterblight Ganon's health, he will be defeated, and you will receive the Waterblight Ganon essence, which is essential for progressing in the game. Additionally, you will unlock the ability to control Vah Ruta, which aids Link in traversing the world.

Post-Battle Rewards

After defeating Waterblight Ganon, players are rewarded with the Zora's Domain blessing and the ability to control Vah Ruta. This Divine Beast can help clear rain and create pathways in the game world, further enhancing exploration capabilities. Players also receive the Spirit Orb, which is essential for upgrading Link's health or stamina.

Furthermore, interacting with Mipha's spirit will grant you the Mipha's Grace ability, providing a significant advantage in future battles. This ability allows Link to be revived automatically if he falls in battle, making it an invaluable asset for the adventures that lie ahead.

FAQs

Q: What is the location of Vah Ruta?

A: Vah Ruta is located in the Lanayru region, specifically in the Zora's Domain area, near the waterway leading to the area.

Q: How do I prepare for the Waterblight Ganon fight?

A: Preparing for Waterblight Ganon involves equipping strong weapons, using fire-based arrows, and ensuring you have plenty of healing items ready.

Q: Can I complete Vah Ruta without the Zora Armor?

A: While it's possible to enter Vah Ruta without the Zora Armor, it significantly eases the process of reaching the Divine Beast due to its swimming capabilities.

Q: What rewards do I get after defeating Waterblight Ganon?

A: After defeating Waterblight Ganon, you receive the Spirit Orb, the ability to control Vah Ruta, and the Mipha's Grace ability.

Q: Are there any unique puzzles in Vah Ruta?

A: Yes, Vah Ruta contains several unique water-based puzzles that require players to manipulate water flow and navigate through various chambers to activate the terminals.

Q: How many terminals are there in Vah Ruta?

A: There are a total of four terminals within Vah Ruta that players must activate in order to confront Waterblight Ganon.

Q: What is the best strategy for the puzzles inside Vah Ruta?

A: The best strategy is to carefully observe the environment, manipulate the water levels appropriately, and use Link's abilities effectively to solve the puzzles.

Q: Can I return to Vah Ruta after completing it?

A: Yes, you can return to Vah Ruta for exploration or to collect any missed items, but the main quests will be completed.

Q: Do I need special items to enter Vah Ruta?

A: No special items are required beyond the Zora Armor for swimming up waterfalls to reach the Divine Beast.

Q: How does Vah Ruta help in the game after completion?

A: After completion, Vah Ruta can clear rain in the area, making travel easier, and will assist in various quests throughout Hyrule.
