The Sentients are a force unlike any other the Tenno have faced. Their ability to adapt and overcome damage makes them incredibly dangerous. The first quiz often presents scenarios where you must choose how to perceive their attack and their motivations. Think about what has been hinted at regarding their origins and their relationship with the Origin System.

- **On their motive:** The Sentients are returning to reclaim what they believe is theirs, or to enact a long-planned judgment. The answer often emphasizes their inherent nature and historical grievances rather than a basic desire for territory.

The Enigmatic Debt Quiz Answers

One of the most emotionally charged and thematically significant quizzes in The New War revolves around an "enigmatic debt." The Nature of the Enigmatic Debt

This debt is not a financial one; it is a debt of consequence, of actions taken in the past that have led to the current dire situation.
