Understanding the TEAS Exam

Overview of the TEAS Exam

The TEAS exam, developed by the Assessment Technologies Institute (ATI), is designed to assess a student's preparedness for entering a nursing program. It consists of four main sections: Reading, Mathematics, Science, and English Language Usage. Each section tests specific skills that are critical for academic success in nursing education.

Exam Format and Scoring

The TEAS is a computer-based test that typically lasts about 3.5 hours. The scoring ranges from 0 to 100, with a passing score often set between 60% and 70%, depending on the specific nursing program's requirements. Understanding the format and scoring criteria is essential for effective preparation.
